

## The ultimate cinematic or gaming experience

Royole Moon is a truly immersive, ultimate 3D cinematic or gaming experience, that can be enjoyed anytime and anywhere. The use of two AMOLED 1080p Full-HD resolution displays results in outstanding video quality, and Moon is the only mobile theatre with a headset that incorporates active noise cancellation and reduces noise by 92% or 22dB. The unique combination of ultimate view and superior sound will make you believe you're in the best seat of the movie theatre.

## Unlimited content

Thanks to built-in Wi-Fi® and 32 GB internal memory you have access to unlimited resources. Simply stream directly from your favourite platforms or download content using Royole Lounge. Alternatively, you can connect to a phone, Blu-ray player or game console, over HDMI and enjoy your favorite series or videos in pixel-perfect quality.

## Royole's own Flexible Technology for premium enjoyment

Moon's award-winning, ergonomic design allows you to take your cinematic experience along with you wherever you go. And when you're cut off from the rest of the world, "touch on ears" is the most intuitive way to interact with the device. Built with Royole's proprietary technology, Moon features the most advanced sensor technology available today, which allows control with the slightest swipe or tap of your finger.

## KEY FEATURES

### **Moon is a truly immersive, 3D mobile theatre**

- Watch your own movies or play your favorite games; anywhere, anytime.

**Two AMOLED 1080p Full-HD resolution displays provide state-of-the-art theatre experience** – With a display for each eye, you'll believe you're in the best seat of the movie theatre.

### **Stream directly from your favourite platforms or download content to Moon using Royole Lounge**

- Thanks to built-in Wi-Fi® and 32 GB internal memory you have access to unlimited resources.

**Superior audio quality** - Moon is the only mobile theatre with active noise cancelling headphones, reducing external noise by 92% or 22dB. It also incorporates algorithms accentuating the powerful bass just enough to create a rich yet comfortable audio balance.

### **Foldable, award-winning and patented design**

- Whether you're travelling for business or you're on a road trip, your 3D theatre is in your suitcase.

**Flexible electronic technology for intuitive on-ear control** - Moon features the most advanced sensor technology available today.
