Increase Engagement

Use Pivo Present with Auto Tracking to step away from your laptop and give demonstrations the same way you would if you were together in person.

- 3 tracking modes (Face, Body, Action)
- 4 Present modes (Widget, Split, Browser only, Camera only)
- Use Pivo Present with your favorite third-party platforms

Improve Productivity

The Pivo App Suite gives educators a powerful solution to take videos, presentations, creative photos, and make virtual tours all with a smart pod.

All apps available for iOS and Android

Immersive Experiences

Take students on a virtual field trip with Pivo Tour. A picture's worth a thousand words, but imagine what a 360° virtual tour could say.

Foster Creativity

12 Quick create modes are available for you and your students to let imaginations run wild! Capture exciting videos & photos without editing skills.
