

the Little Cat⁺

B612 Cat Planet⁺

IoT Smart Cat Exercise Wheel

Features 01

A generous Wheel size for Fat Cats, too.

A generous size Cat Exercise Wheel that can run in the right position to avoid back strain.

If the cat wheel is too narrow, then the cat caused waist disc, scoliosis, etc. It could be damage for cat's back. Running is important, but running in the right position on the wide Cat Exercise Wheel is the point.

Features 02

Built-in LED Light System & the Little Cat App

LED light control / Cat BM management / Exercise distance, Heat consumption check

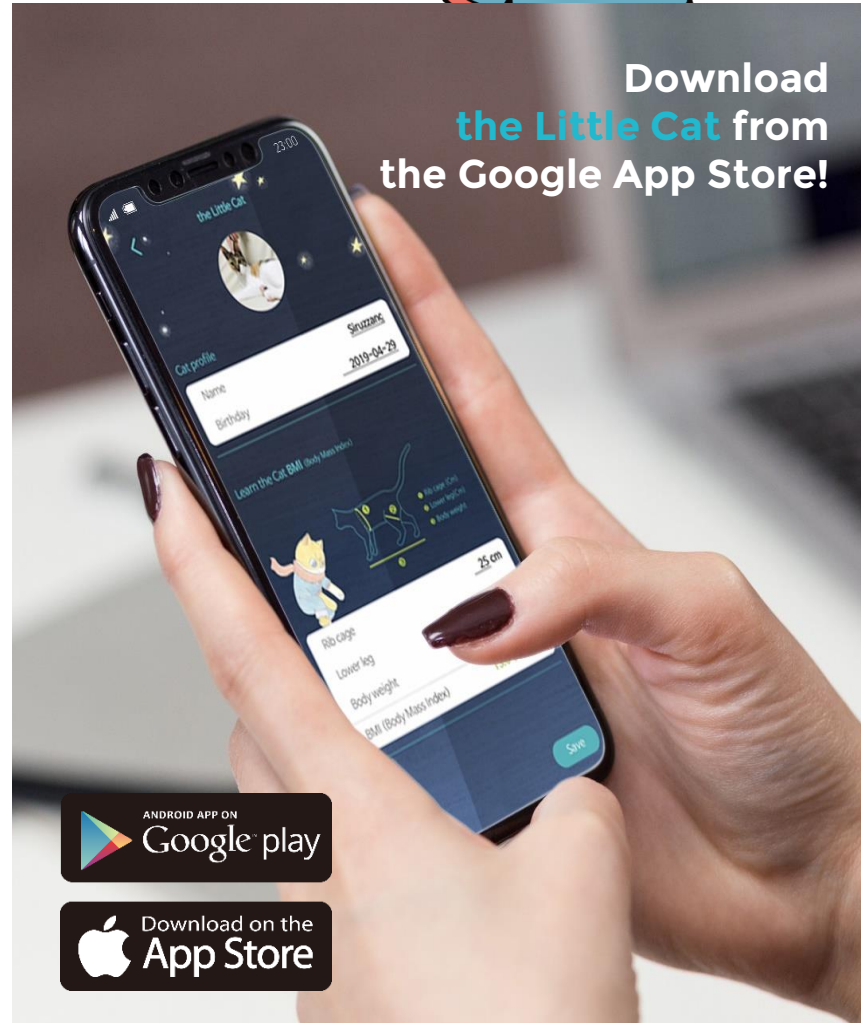

Start taking care of your cat's health conveniently with the App. Adjust the color and position of the built-in LED lights in Conjunction with the wheels. Managing the amount of exercise, calorie consumption, and body mass of cats Daily / Weekly / Monthly.

B612 Cat Planet Patented

The built-in LED on the B612 Cat Planet recognizes the speed at which the wheels are turning and secures the LED's position.
