2019.12	Started to export to Netherlands
2020.05	Launched automatic camera feeder SF-200
2020.05	Started to export to Japan
2020.11	Started to export to Indonesia
2020.12	Launched new Pet Dry Room DR-100 Pro
2021.05	Launched new Pet Dry Room DR-300 Pro

+PePe Adds

PePe thinks and contemplates from the perspective of both person and pets, the design and technology includes care and love.

PePe adds extra care and comfort to satisfy both pets and persons.

-PePe Reduces

PePe strives to create safer and healthier technologies, and ensure that the finished product has good quality to gain trust from the customer.

PePe reduces the inconvenience and anxieties in life and reduces the economic burden with excellent quality, performance and reasonable price.

×PePe Multiplies

PePe equipped with practical technology and sensual modern design.

Time for pets is doubled! Dignity and leisure of life tripled!
With PePe happiness multiplies in your life.

÷PePe Divide

PePe is a company that loves pets and person. We share that love to world by contributing 1% of operating profit to special pets protection groups, online 'pets matching' that finds new nesting place for special pets, and product support for the adoption of disabled pets.

PEPE PET DRY ROOM

DR-100 PRO

Using the three-dimensional circulating hot air system, it is easily transmitted to the pets hair. It reduce the stress of the pets sensitive to the wind and and at the same time it managed the pet skin care progress!

**Reduced stress on pets' face hitting
7-way air circulation design**

**Perfect facial dryness,
PEPE Pet Dry Room!**

Toward the eyes and ears of the companion animal No direct wind The stress of the pet is also less.

To protect your pet's life...

50 Air Circulation System per minute

Fine-tune the air volume and wind direction to reduce the stress of your wind sensitive pet. The three-dimensional circulation hot air system blows in the appropriate intensity of each part of the hair and makes it dry. It's not about the amount of wind that makes a big noise, it is about how quickly do you circulate the moisture-filled internal air into the fresh external air. PEPE is a key technology to reduce the stress and increase the dry function of pets.

Internal-external air circulation more than 50 times per minute!

Comfortable drying without stuffiness

- The mild air is supplied through the clean air and the external air through the all-in-one filter and enters the room

Pressure adjustment relief vents control the pressure generated inside the room to prevent hair from blowing through the gaps in the door.

The wet air inside Out quickly, It is a seven-way three-dimensional air circulation system that quickly enters the outside fresh air.

Zero static pressure (ideal Air flow) You can dry comfortably.

Fan keeps circulating air even after the operation is finished.

Safety Program!

Even after drying, the air continues to circulate. It protects your pet until it goes out safely.

Checking the interior and air discharge temperature with a cross Safe temperature detection by dual sensors

Dry without footprints on the floor...

Strong moisture absorption biopad!

Hips, belly and toes...

You should be able to dry them perfectly even in between.

This is a good dry room!

Pepe's biopad first absorbs and dries moisture that collects from the feet and stomach.

Considering space efficiency and children's stress PEPE's patented sliding door

8mm science

PEPE's DR-100 PRO
Reduces Pet's anxiety
through open door

Easy and fast without worrying about germs Separate washing structure that can be cleaned with water

Application of the first built-up system in the industry...

Water cleaning is possible after separation.

Care is essential as it is used by my precious pets like family! PEPE Pet Dry Room uses the industry's first built-up system. The product can be easily separated! It can be washed easily with water after separation

Penetrates into any space without a sense of foreignness

Design with PEPE's own philosophy

Based on simplicity, It is designed to blend into the space naturally.

Pink and black colors were added to the existing white color to expand the choice. You can feel free to use it in vivid and chic spaces.

Capable of responding to various situations

PEPE SMART DEVICES

UV Water Springs and Nutri Smart Feeder

With PePe Smart Devices
You can now manage your pet's water and feed rules.

Manage anytime, anywhere

Real time moisture purity measurement

Built-in SMART TDS sensor allows you to check your drinking water in real time.

What is TDS?

In numerical value, the Total Dissolve Solids is used as an indicator to determine the general quality of water.

PEPE Smart Devices easy real-time water quality status that you can check to the application.

Feed jam prevention technology and sensor

Stable feeding

Feed detection triple sensor and feed jam prevention technology Helps stable feeding

Feed detection triple sensor send feed supplement alarm to your mobile phone before the feed in the container runs out.

With feed jam prevention technology, it prevents the accident that takes inside from happening.

Powerful rotary motor and reverse rotation system helps to ensure a constant feeding.

Application Remote Control PePe SMART DEVICE APP IOT

- There is no separate communication cost for PEPE Smart Device APP IOT technology.
- Make an appropriate meal plan based on the breed, age, weight and menstruation of your pet.
- Scheduled and fixed meals are provided on a regular basis according to the set meal plan.
- If necessary, you can check the status of additional meals on your mobile phone anytime, anywhere.
- Send status messages to your mobile phone while you are away

Specifications PePe UV Water Springs

Model Name: CW-100
Size: 208 * 198 * 181mm
Weight: 1.2kg
Capacity: 2L (68oz)
Power source: DC 5V 2A
Max Wi-Fi connection distance: 25m
UV lamp life: 15,000 hours (625 days)
Sterilization Rate: 99.7%

Specifications PePe Nutri Smart Feeder

Model Name: SF-100
Size: 220 * 220 * 350mm
Weight: 2 kg
Capacity: 3.7L (125oz)
Power source: DC 5V 2A
Wi-Fi Max Connection Distance: 25m

DR. PEPE

Healing Balm / Coco Chips / Soap

Dr. PePe

100% Natural Healing Balm

Caprylic acid and lauric acid contained in coconut can suppress various bacteria, as well as reduce skin inflammation and trouble.

In addition, the vitamins and minerals found in coconuts help to keep skin moisturized for a long time and keep it firm.

Coco Chips made from Coconut

Dr. PePe Organic Coco Chips

Dr. Pepe's organic coco chips are made from coconut, a superfood called God's gift.

A well-being snack that helps your pet's weight control, allergies and immunity.

Dr. PePe Coco Soap

Neem Leaf and Madre De Cacao

Neem Leaf + Natural Coconut Oil: Skin diseases such as itching

Cacao + Natural Coconut Oil: Outdoor pets.
