

Wings! Fly into the World

Wings! Fly into the World

Wings Promotion
Video

✓ **Interactive smart learning program for preschool children.**

✓ **Experiencing joyful communication is essential for language learning.**

✓ **The purpose of language learning is communication.**

Wings conduct classes using a **smart board** and **pad**.

Wings provides an **interactive learning environment** taking into account the linguistic development, psychology, creativity, and social development of children, in order to help develop **all of the four areas** (listening, speaking, reading, writing) in language learning.

Wings induce **interaction** and **focus** of all children and help them **communicate** with the teacher and among themselves.

Multidimensional
learning
environment
provided by Wings

01 100% class interaction by using digital learning tools

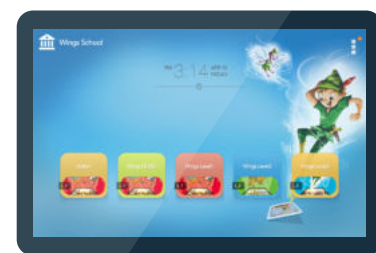

02 Educational content tailored for each developmental stage

03 Learning through collaboration with friends

04 Maximized learning effects through interaction

Digital Class Environment

Access Point

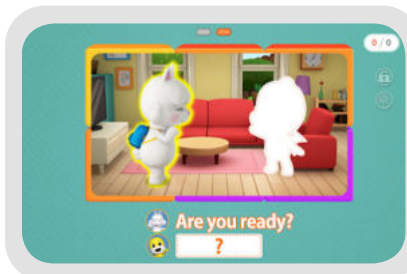

Digital Content

Learn English through content customized for each developmental stage and characteristics of the children.

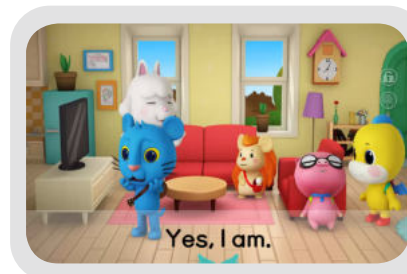

Learn Words

Learn vocabulary through interactive activities with the teacher

Learn Sentences

Learn sentences through interactive activities with the teacher

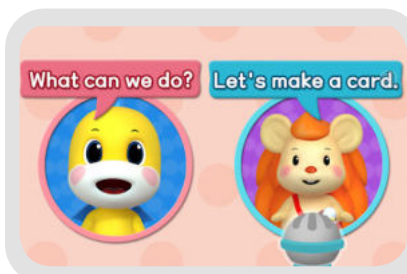

Song Animation

Sing and dance while watching a 3D animation

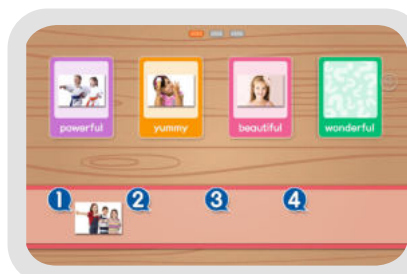

Phonics Activity

Learn phonics while watching fun videos

Interview

Practice speaking while recording your own video and share it with friends

Show and Tell

Review words, sentences, and phonics

Book Sets

Wings include 5 books, CDs and a total 10 sets are provided per year.

Sets : Textbook + Digital book + Animation book + Phonics Pad + Hybrid CD

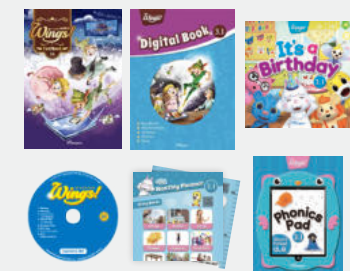

Level1

Level2

Level3

Book Components

The diversified book contents of Wings induce focus from preschool children and maximize the learning effects.

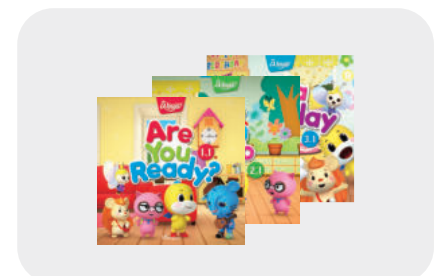

Textbook

Wings textbooks are 100% aligned with digital contents

Digital Book

Monthly Activity book based on spiral curriculum

Animation Story Book

Animation book with 3D characters

Phonics Pad

Learn phonics and English sentences with fun

Monthly Planner

Check your learning progress on a monthly basis

Hybrid CD

Learn English anytime and anywhere with your computer or music player

Interactive Class

Textbooks are 100% aligned with digital content.

Learn other subjects along with English through multidimensional content

The stories and integrated educational activities customized for the developmental stages of preschool children allow the learners to learn basic math, science, and art.

Art

Make a frog with natural objects

Math

Learn shapes while making cookies

Science

Learn how a tadpole grows into a frog

Math

Divide a pizza by 6
