Privacy Becomes Mainstream

MyPrivacy Evolution

2012

Launched MyPermissions

The first and only social permissions cleaner

2020

MyPrivacy - all in one app =>> Platform

While building MyPrivacy App, inbound offering from multiple potential partners drove us to change focus from a B2C app to B2B2C platform (faster scale)

2021

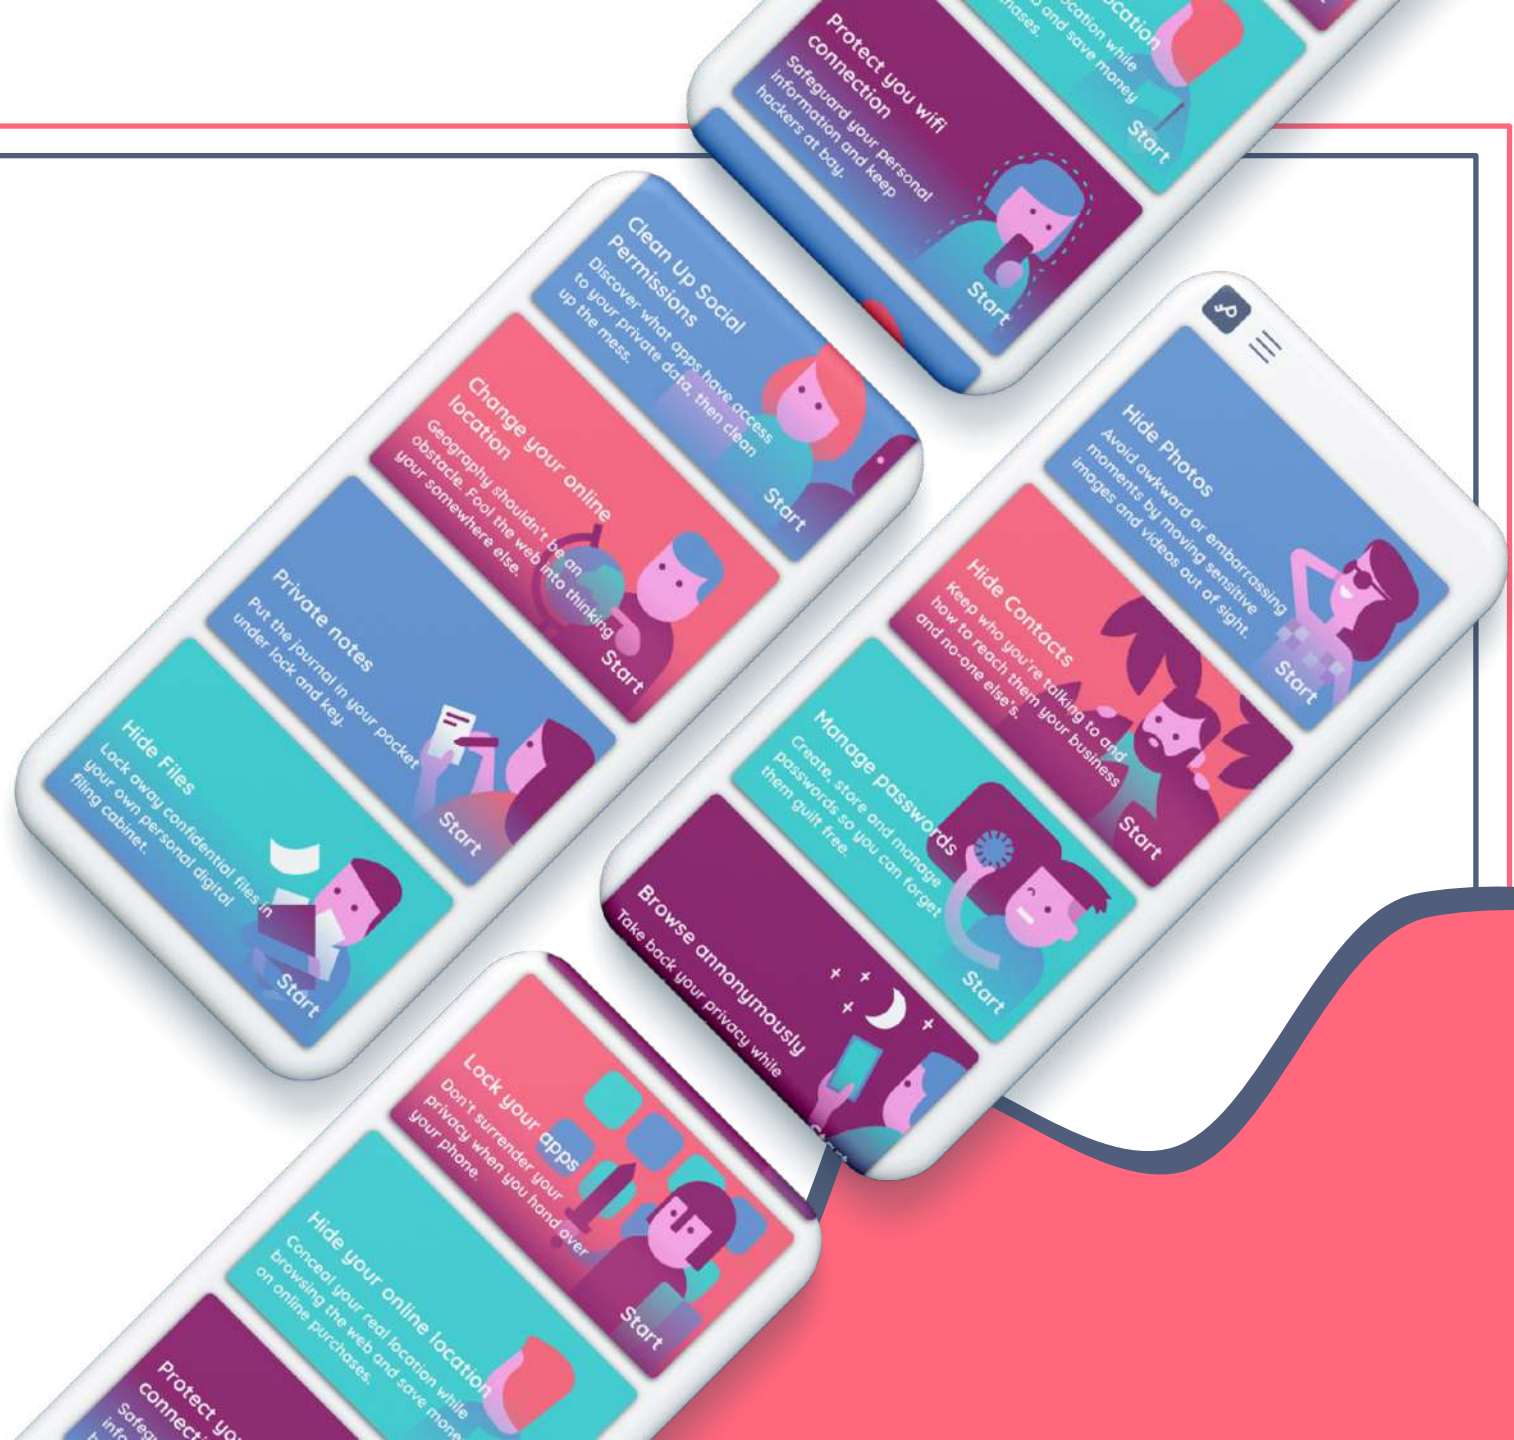

MyPrivacy Platform

We've been building a full privacy platform with multiple integration options and unique features.

MyPrivacy Technology

Why Us?

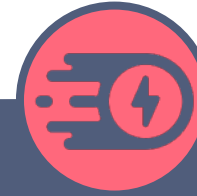

Vast experience in consumer privacy (launched our first privacy app in 2012)

Wide range of privacy tools (with/without UI)

Fast Integration & quick time to market

Built and supported by a **team of privacy and security experts** (Coming from Israel, the Cyber Nation).

Unique and proprietary technology

Supported by a **dedicated & experienced account manager** (7 days a week)
