MADGAZE

Watch

Access a Futuristic Life
Using Simple Wrist,
Hand and Finger Gestures

All-in-One Device with Smartest Gesture Control

MAD Gaze Watch keeps you connected wherever you go! Check your messages, calendar reminders and social media notifications at a glance. Reply messages with simple click-and-speak control or easy shortcuts on your hand.

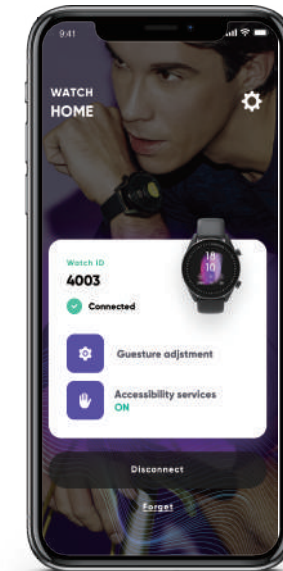

Focus on Your Fitness & Health

Powered by built-in GPS, MAD Gaze Watch supports 9 sport modes and tracks your outdoor activities with getting real-time stats, allowing you to check your performance based on heart rate, pace, distance, calories burned and more.

Control the Digital World with 30+ Simple Hand Gestures

MAD Gaze Watch is built with cutting-edge 6-axis gyro and acceleration sensor, which accurately captures different vibration waves and movements that triggers the customized function.
