Accessories MA Thin**3600**

Powerbank

Small and thin powerbank with fast charge. Always have a handy, portable charger with Fast Charge

Fast Charge System

Capacity: 3600 mAh

Lithium polymer battery

Smartphone charging time: up to 30 min.

Intelligent charging

Output USB 5.1 V / 2.1 A port

Input microUSB

USB cable included

Dimension: 118 × 43 × 6.9 mm

Weight: 60 g

Accessories MA Thin**6000**

Powerbank

Small powerbank with fast charge. Always have a handy, portable charger with Fast Charge

Fast Charge System

Capacity: 6000 mAh

Lithium polymer battery

Smartphone charging time: up to 30 min.

Intelligent charging

Output USB 5.1 V / 2.1 A port

Input microUSB

USB cable included

Dimension: 110 × 43 × 12 mm

Weight: 110 g

Accessories MA Thin10000

Powerbank

Small powerbank with fast charge. Always have a handy, portable charger with Fast Charge

Fast Charge System

Capacity: 10000 mAh

Lithium polymer battery

Smartphone charging time: up to 30 min.

Intelligent charging

Output USB 5.1 V / 2.1 A port

Input microUSB

USB cable included

Dimension: 110 × 43 × 20 mm

Weight: 173 g

Accessories MA8000 MAX

Inductive Powerbank

Modern Power Bank with built-in wireless charging, with high capacity, solid casing and two USB charging outputs.

Battery capacity: 8000 mAh

Battery: Li-Polymer, Class A

Transmission distance: ≤ 6 mm

Charging efficiency: $\geq 85\%$

Input: 5 V / 2 A (Max)

2 outputs USB: Σ 5 V / 2.4 A shared

Wireless output: 5 V / 1 A (5 W)

Weight: 184.2 g

Size: 155 × 64.9 × 17 mm

Colour: Black

Accessories **MA**Soul

Earphone

Remote control and 3 types of endings for perfect fit. All with high sounds quality and extremely sensitive microphone. Everything in attractive, ergonomic form designed in every detail. Listening to music has never been so pleasant.

Color: Red, blue, white, black

Speaker diameter: 10 mm

Impedance: 16 ?

Sensibility: 95 dB

Microphone: Yes

Connector: 3,5 mm

Lenght: 120 cm

Weight: 11 g

Remote control: Answer button

High sound quality

Clear voice microphone

Soft touch

Accessories **MA Soul2**

Earphone

Remote control and 3 types of endings for perfect fit. All with high sounds quality and extremely sensitive microphone. Everything in attractive, ergonomic form designed in every detail. Listening to music has never been so pleasant.

Color: Red, blue, white, black

Speaker diameter: 10 mm

Impedance: 16 ?

Sensibility: 95 dB

Microphone: Yes

Connector: 3,5 mm

Lenght: 120 cm

Weight: 11 g

Remote control: Answer button

High sound quality

Clear voice microphone

Soft touch

Accessories **MA SoulPro**

Earphone

High quality of sound, including two speakers responsible for the bass and extremely pronounced mid tones. All with aluminium elements and designer finish. Ergonomic and attractive form give this practical gadget the rank of equipment for professionals.

Color: Black, white

Speaker: Dual driver 6+8 mm

Impedance: 16 ?

Sensibility: 93 dB

Microphone: Yes

Connector: 3,5 mm

Lenght: 120 cm

Weight: 16 g

Remote control: Answer button

High sound quality

Clear voice microphone

Soft touch

Accessories **MAXtreme**

Wireless headphones

Xtreme headphones provide you with doping you haven't had before. High sound quality, solid performance, remote control and power up to 5mW give you strength during your workout.

Bass Boosted System

Elastic bar - can be pocketed

Protection against falling out of the ear

Three rubber tips in the set, sizes S, M, L

Micro-USB charging cable included

High-quality microphone for calls

Steering remote control in the headband

Magnetic headphone tips

Bluetooth : JL v5.0

Frequency: 2.4-2.48 GHz

Range: up to 10 m

Frequency response: 20-20 kHz

Music playing time: up to 20 h

Battery capacity: 230 mA

Charging time: approx. 2 h

Stand-by time: up to 180 h

Accessories **MA**microUSB

Cable

Data sync, fast charge and one meter length these are just some of the features of this seemingly simple equipment.

Color: Red, black, blue

Cable length: 1 m

Port: USB 2.0

Supported output: up to 2,4 A

Support for fast loading

Data Sync support

Compatible with all USB devices

Output connector: microUSB

Accessories **MAUSB-C**

Cable

Data sync, fast charge and one meter length these are just some of the features of this seemingly simple equipment.

Color: Red, black, blue

Cable length: 1 m

Port: USB 2.0

Supported output: up to 2,4 A

Support for fast loading

Data Sync support

Compatible with all USB devices

Output connector: USB-C

Accessories **MA**lightning

Cable

Data sync, fast charge and one meter length these are just some of the features of this seemingly simple equipment.

Compatible with all Apple devices

Color: Red, black, blue

Cable length: 1 m

Port: USB 2.0

Supported output: up to 2,4 A

Support for fast loading

Data Sync support

Compatible with all USB devices

Output connector: lightning

Accessories **MAFLEXi** 4in1

Car Holder

Air vent car mount holder with selfie, movie and finger holder function.

Air vent car mount holder

Selfie function

Mobile stand

Finger holder (finger grip)

Colour: Black or Grey

Accessories **MA ShockGrip**

Smartphone Holder

Universal smartphone holder with the possibility of mounting to the handlebar of a bicycle, scooter or even a motorcycle. Thanks to its flexible construction, it fits most smartphones and power banks.

Durable silicone with high elasticity
for long-term use

Pull and fasten to mount on
the handlebar or rod

Suitable for devices size from 4" to 6"

Three holes to adjust depending
on the thickness of the handle

Firm phone holding even in difficult conditions

Accessories **MAFunTab** 4"-10"

Car Mount Holder

Ideal car holder for families with kids! Suits phones and tablets size from 4" to 10". Mounting to the front seat headrest is intuitive and requires no tools. The device automatically adjusts to the width between the headrest's arms.

Suitable for devices size from 4" to 10"

A secure solution for mounting a tablet or smartphone on the headrest of a car

A simple, easy to install system locks the device and holds securely

360° rotation possibility

Made of aluminum alloy, plastic, silicone

Compatible with the most of headrests

(140 - 180 mm)

One arm installation, easy mounting

Accessories **MA Gravity** 3in1

Car Mount Holder

Automatic gravity 3 in 1 car holder for smartphones. The holder automatically clamps after inserting the smartphone - without additional power. The arm with the high-grip suction cup holds firmly in any place we choose.

Automatic gravity phone blockade

Suitable for devices size from 4" to 6"

Windshield mounting

Cocpit mounting

Air vent mounting

A self-adhesive gel pad provides excellent adhesion

One-hand control, very easy to use

Includes a handle for mounting in a air vent and an overlay with 3M glue for cockpit mounting (using a tip with a suction cup).

Adjustable arm length. The ball joint provides a wide range of adjustment.

360 ° adjustable arm for best viewing angle

Accessories **MA Gravity Induction 3in1** Inductive Car Mount Holder

Automatic gravity grip 3in1 car holder for smartphones with 10 W Qi induction charging function. The grip automatically clamps when the smartphone is inserted - without additional power supply.

Gravity automatic phone lock

Compatible with most smartphones with 10W Qi wireless charging (if your smartphone supports wireless charging technology)

Input power: 10 W (max.)

Output: 5 V / 2 A, 9 V / 1,8 A.

Suitable for devices size from 4" to 6"

Windshield mounting

Cocpit mounting

Air vent mounting

One-hand control, very easy to use

Includes a handle for mounting in a air vent and an overlay with 3M glue for cockpit mounting (using a tip with a suction cup).

A self-adhesive gel pad provides excellent adhesion

Adjustable arm length. The ball joint provides a wide range of adjustment.

360 ° adjustable arm for best viewing angle

Accessories **MA Prestige** Qi15W

Inductive Car Mount Holder

The set contains: holder + USB type C cable + 2 terminals + washer with adhesive tape. 3 types of fixing in one box (windshield, ventilation grille, cockpit). Touch arm opening button. Electric, automatic fastening of the phone in the holder with one hand. 15W Qi super strong induction charger.

High quality motor controlling arms
with proximity sensors

Touch button to spread arms

Compliance with the Qi wireless
charging standard

Input: 12V/1.67A; 9V/1.67A; 5V/2A

Wireless charging: 9V/1.67A; 9V/1.12A; 5V/1A

Power: 15W/10W/7.5W/5W

Transmission distance: ≤ 6 mm

Charging efficiency: $\geq 75\%$

Size: 117.9 × 74.4 × 22 mm

Operating frequency range: 110 - 205 KHz

Electric brush strength: +30000 times

Colour: Black

Includes a handle for mounting in a air vent
and an overlay with 3M glue for cockpit
mounting (using a tip with a suction cup)

Light ML1000 Solis

LED Desk Lamp

The elegant and functional LED lamp with an illuminated, changing color stand, has an original shape and construction. Equipped with a touch panel with 3-stage brightness adjustment and a flexible arm that allows the lamp to be set in most convenient position for the user.

Beam angle: 120°

Power: max 7 W

Voltage: AC 100 - 240 V

Luminous flux: Max 260 LM

Color temperature: 6000-6500 K

IP class protection: IP20

CRI index: >80

Numbers of cycles on/off strength: 15 000

Energy conversion: class 6

LED warm up time: ≤ 0.5 s

LED: SMD2835

Lifetime: 30 000 h

Cable length: 1.2 m

RGB lighting with touch control LED panel

Number of diodes: 34

Light ML1001 USB

LED Desk Lamp

Elegant LED table lamp with three brightness modes. You can charge your phone using the built-in USB or attach other devices.

Beam angle: >90°

Power: max. 7 W / 300 lm

Lifetime: 20 000 h

Color temperature: 4000 K

USB port: 5 V / 1 A

Number of diodes: 20 pcs LEDs 2835 SMD

CRI index: >80

Number of cycles on/off: 10 000

Energy conversion: 37 - 47 lm/W

LED heating time: <0.5 s

IP class protection: IP20

Cable length: 1.5 m

Light ML2100 Aurora

LED Desk Lamp

An elegant LED desk lamp with 3 lighting modes, luminous RGB basis controlled by a touch circle colored button and panel displaying time, date and temperature.

Beam angle: 120°

Power: max. 7 W / 260 lm

Lifetime: 30 000 h

Color temperature: warm light: 2800-3200 K

cool light: 5000 - 5500 K

Number of diodes: 10+4 pcs LEDs 2835 SMD

CRI index: >80

Number of cycles ON/OFF: 50 000

Driver In/Out power: 7.5 W

Energy conversion: Class A

LED heating time: <0.5 s

IP class protection: IP20

Cable length: 1.5 m

Light ML3000 Lux

LED Desk Lamp

An elegant LED desk lamp with 3 lighting modes, and night mode, induction charging and USB connector. You can easily charge any phone now.

Beam angle: 120°

Power: max. 6 W / 390 lm

Lifetime: 50 000 h

Color temperature: 3000, 4200, 5000, 5500,
6500 K depending on the mode

Power: 5+5 W - LED+charging induction

5+10 W - diode+charge USB

CRI index: >80

Number of cycles ON/OFF: 100 000

Maximum input power: 18W / 9 V / 2 A

Energy conversion: Class A

LED heating time: <0.5 s

IP class protection: IP20

Cable length: 1.5 m

Light ML4000 Luna

LED Desk Lamp

The elegant, functional and energy-saving LED lamp, has 3 levels of light intensity, powered via a USB port and a standard socket. The lamp is equipped with a large, easy to read LED display which shows the date, time and temperature. The device has an alarm clock function and 1 hour timer.

Beam angle: 120°

Power: max 7 W

Voltage: AC 100 - 240 V

Luminous flux: max 260 LM

Color temperature: 3000, 4500, 6500 K

IP class protection: IP20

CRI index: >80

Numbers of cycles on/off strength: 15 000

Energy conversion: class 6

LED warm up time: ≤ 0.5 s

LED: SMD2835

Lifetime: 30 000 h

Cable length: 1.2 m

LCD screen with date, clock and temperature

Number of diodes: 25

Light ML4100 Stellar

LED Desk Lamp

The classic design, USB socket, movable arm allowing you to set the incidence of the light in any direction, are the main advantages of this lamp. The device is equipped with a touch panel that allows to change the light color and color illuminating the base of the lamp.

Beam angle: 120°

Power: max 15 W

USB charger in/out power: 5 V, 500 mA

Voltage: AC 100 - 240 V

Luminous flux: max 450 LM

Color temperature: 3000, 4500, 6500 K

IP class protection: IP20

CRI index: >80

Numbers of cycles on/off strength: 15 000

Energy conversion: class 6

LED warm up time: ≤0.5 s

LED: SMD2835

Lifetime: 30 000 h

Cable length: 1.2 m

RGB lighting with touch control LED panel

USB charging port

Number of diodes: 60

Light ML4200 Clara

LED Desk Lamp

Energy-saving lamp in an aluminum-plastic housing. The device has a touch panel that allows to set the intensity and color of the light. The lamp has the function of inductive and via a USB port charging. The device has a 1 and 2 hour timer. The device remembers the last lighting mode.

Beam angle: 120°

Power: max 12 W

USB charger in/out power: 5 V, 500 mA

Wireless charger in/out power: 5 V, 1 A

Voltage: AC 100 - 240 V

Luminous flux: max 280 LM

Color temperature: 3000, 4500, 6500 K

IP class protection: IP20

CRI index: >80

Numbers of cycles on/off strength: 15 000

Energy conversion: class 6

LED warm up time: ≤0,5 s

LED: SMD2835

Lifetime: 30 000 h

Cable length: 1,2 m

Wireless charging USB charging port

Timer: 1&2 hours auto off

Number of diodes: 36
