

Number One Global Network for mobile top-up & data solutions

DT One is a global leader in mobile top-up solutions

YOUR BENEFITS

Access to over 5 billion consumers through a single API connection

Differentiate and grow your business with a unique cross-border VAS offering

Easy implementation - no license or set-up needed

FOR YOUR CUSTOMER

It's simple: Only a phone number and top-up value are required

It's convenient: Top-ups can be made anytime, anywhere - via mobile or in store

It's instant: Top-ups are received in real time so senders can connect immediately with their loved ones

We interconnect service providers in a global network that enables prepaid mobile phone users to send top-ups and data bundles and make bill payments, in real time across more than 160 countries.

Seamless integration

Real-time monitoring & reporting

24/7 Global support

Maintain accounts in foreign currencies

Notes:
