Technology

The Appearance of New Species

Prinker is a result of combination of wide range of technologies.

At SketchOn, we gave a new life to the forgotten printing technology by bringing it to the world of smart appliances.

Design

Super Palette

Do you remember how as a kid you experimented with different colors of paint on the palette?

Design of Prinker expresses the idea behind the primary colors.

Prinker is like a palette, a super-palette.

It brings to life all colors you can imagine.

Rediscover your inner creativity and show your true colors!

Materials

I Don't Harm You Never Ever
