

ENTRUST

Digital Card Solution

HIGHLIGHTS

The future of credentialing

Create a best-in-class digital-first payment and banking experience for cardholders.

- Instantly provision digital payment credentials directly from your bank or credit union's mobile application to cardholder's mobile wallet.

KEY FEATURES & BENEFITS

One SDK for all digital card services

- NFC Issuer Wallet: Turn the mobile banking app into an NFC wallet.
- X-Pays and Merchants Push: Conveniently and securely push the cards into Apply Pay, Google Pay, Fitbit Pay, e-commerce merchants from the mobile banking app.
- Token Manager: Let the cardholder self-manage their digital cards.
- Card Display: Securely display the card information in the application.
- PIN Display / Change: Securely display the PIN in the application and let your cardholders choose their PIN.
- Strong Customer Authentication: Chip-like security of payment solutions provide super secure, convenient customer authentication.
