PRODUCTS

SKILLSZ

Skillsz allows both novices and tech-savvy recruiters to hire the best developers faster. This online assessment tool will enable businesses to test the desired skills, choose the best developers among the available candidates, and eliminate the incompetent ones fast. Save your time and money by rejecting the unfit developers even before hiring them. Skillsz lets businesses test tech talent by providing rich features such as the following:

- Create customized skills assessments tests
- Custom branding
- Create unlimited tests
- Tamper-proof testing process
- Invite potential candidates via email, import via excel or create a public URL
- Unlimited users
- 14 days FREE trial

CULTURE

CLIENTS ARE PARTNERS - We treat our clients as partners and stay with them from the first ideas and as long as they need us.

TRANSPARENCY - Partnership is impossible without transparency. We cut out any signs of bureaucracy, hidden agendas, and favoritism. Instead, we are always ready to share information, open to feedback, and have clear communication channels.

TECH FOCUSED TEAMS - We are consultants, designers, architects and engineers who enable our customers to be competitive and disruptive in the marketplace.

FOCUS ON RESULTS - We will get things done regardless of what it takes and have a "no excuses" work culture.
