We Deliver Technology Solutions That Drive Your Business Forward

www.ileadcom.com

INTRODUCTION

Hello!

Do you reach the point where change is needed?
Are you investing in the right technology solutions for your business?

Let us translate your ideas and needs into technology
solutions and help you surpass the hurdles in the business environment.

"The future is not something to predict.
The future is something to build."

Franco Ongaro

COMPANY OVERVIEW

iLEADCOM
INTEGRATED COMPUTING SOLUTIONS

ABOUT US

iLEADCOM is a software development company founded in 2009 that delivers the digital solutions our partners need to streamline daily processes, increase efficiency, and add competitive value to their offerings. We have a wide range of innovative solutions to help set your business up for growth smarter and faster.

With nearly 15 years of tech industry experience, we specialize in the creation of custom tailor-made software solutions that are intended to fully meet business-specific needs, goals and budget. Also, we help our clients overcome challenges of any nature, scale, and complexity.

Leveraging our experience in tech solutions, we partner with our clients to stay abreast of the latest technologies, thrive in a digital world, and succeed with new business models.

Business Process
Automation (BPA)

Our business automation services are designed to make your business much simpler and more efficient. Our experts help you automate repeatable, day-to-day tasks which leads to improving an organization's overall workflow by achieving greater efficiency, reducing the possibility of errors, and increasing accuracy.

Software
Integration

Connect various applications and systems within a single environment allowing different systems to work together and communicate more efficiently, safely transfer data across the platforms, and get accurate and timely data.

Mobile App
Development Services

Connect with your customers fast and easy and gain a competitive edge for your business with custom mobile applications delivered across Android and iOS devices leveraging our experience of working with top technologies and frameworks.

iLEADCOM
INTEGRATED COMPUTING SOLUTIONS
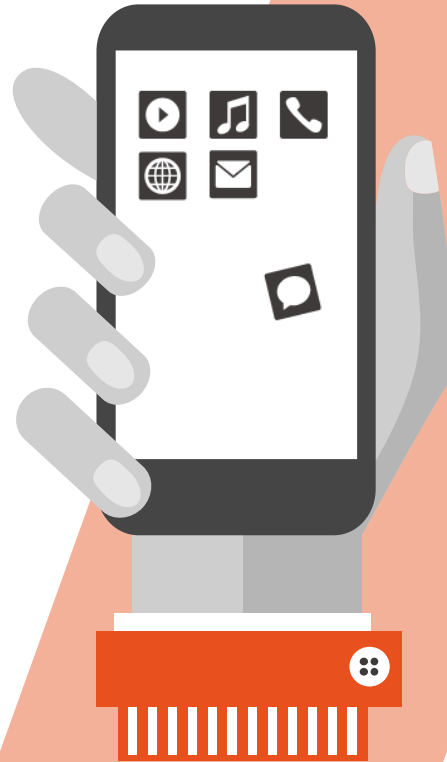

CONSULTING
SERVICES

Ensure your technology base is as efficient and effective as possible and create optimal digital environments aligned with your business requirements, workers' needs, and clients' expectations.

OUR PRODUCTS

iLEAD COM
INTEGRATED COMPUTING SOLUTIONS

Telecom Operation Management System

We provide an efficient telecom operation management solution that helps telecom service providers achieve perfect operations, gain a competitive edge over other companies and find new ways to grow.

Our telecom operation management system enables telecom companies to facilitate operations and power seamless transaction processes, thus trimming unnecessary spending and lower costs — reducing this overhead can improve profitability.
